### SKILLS

- ❖ Java
- ❖ C
- ❖ Python
- ❖ DBMS
- ❖ Operating System
- ❖ HTML, CSS, Javascript
- ❖

### EDUCATION

- ❖ Computer science | Galgotias university (BTech 3<sup>rd</sup> year)
- ❖ XII (CBSE) | Kendriya vidyalaya

### ACADEMIC PROJECTS

#### ❖ Hunger snake

The hunger snake game in python is a classic arcade-style game where a player controls a snake that moves around a bordered plane, attempting to eat objects (food) to grow longer and increase their score.

#### ❖ Voice command calci

A calculator application that allows users to perform mathematical operations by speaking, rather than manually inputting numbers and operations. It uses speech recognition technology to convert spoken words into calculations and can perform basic arithmetic (addition, subtraction, multiplication, division).

#### ❖ MeetMate

Introducing MeetMate, a mini social media platform designed to connect people with ease. Our platform provides a user-friendly and seamless experience, allowing users to meet new friends, like-minded individuals, and community members. With Meet Mate, users can share thoughts, ideas, and interests in a safe and welcoming environment. Our goal is to foster meaningful connections and a sense of belonging among our users.

### POSITION OF RESPONSIBILITY

#### ❖ E-CELL (Entrepreneurship cell) member | Galgotias university

Organized hackathons & conducted sessions for college students on Web Development related and on Start-up ideas.

### ACHIEVEMENTS / HOBBIES

- State level -Athlete
